Amerigroup Nevada, Inc. (dba Amerigroup Community Care) provides access to quality health care services for approximately 87,000 financially vulnerable residents of Nevada annually – facilitating around 11,000 surgeries and 7,000 births and filling more than 846,000 prescriptions. Since February 2009, Amerigroup Community Care has administered three publicly funded health care programs: Temporary Assistance for Needy Families (TANF), Nevada Child Health Assurance Program (CHAP) and Nevada Check Up, Nevada’s Children’s Health Insurance Program (CHIP).

Amerigroup Nevada is a wholly owned subsidiary of Amerigroup Corporation (Amerigroup), whose parent company is WellPoint, Inc. Amerigroup was founded

in 1994 to meet the needs of families enrolled in publicly funded health care programs under the name AMERICAID Community Care.

Today, it strives to help the nation’s most vulnerable and enhance the health outcomes of its members regardless of age, sex, race or disability.

Currently serving more than 2 million members in 12 states nationwide, Amerigroup is dedicated to improving health care access and quality while proactively working to reduce the overall cost of health care to taxpayers – more than \$2 billion since 1996 while maintaining high-quality care. Together, Amerigroup and WellPoint, Inc. manage Medicaid programs for 19 states nationwide. ■
